

**we design influential brands
and digital experiences.**

oligo-media.com

corporate identity design.

We work closely with clients to understand how a fresh approach to their brand and identity can help their business stay on message. The ultimate goal is to effectively convey your company's distinctive spirit to the consumer.

online shopping cart

We will help you go online and boost business with shopping cart and payment gateway. We provide a centralized platform for you to simplify daily operation such as managing orders, inventories and customer information across all sales channels. We connect banks, businesses and consumers via an international network facilitating digital payments.

website design.

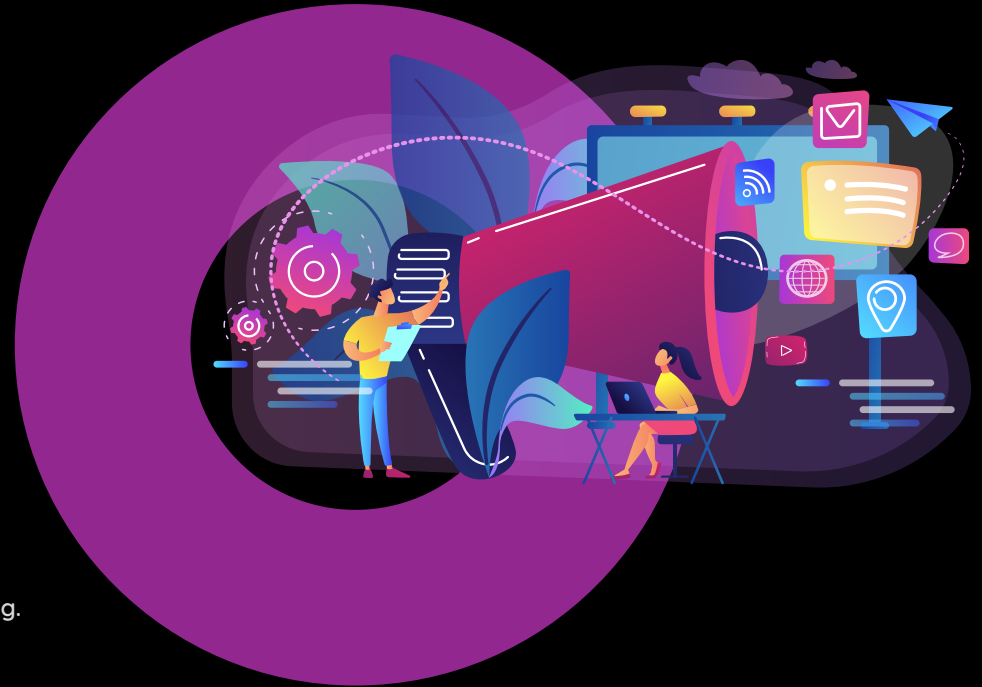

Through a website revamp for established companies or a fresh web design for startups we strive for an unparalleled experience with our ingeniously crafted webpage design.

social media Management.

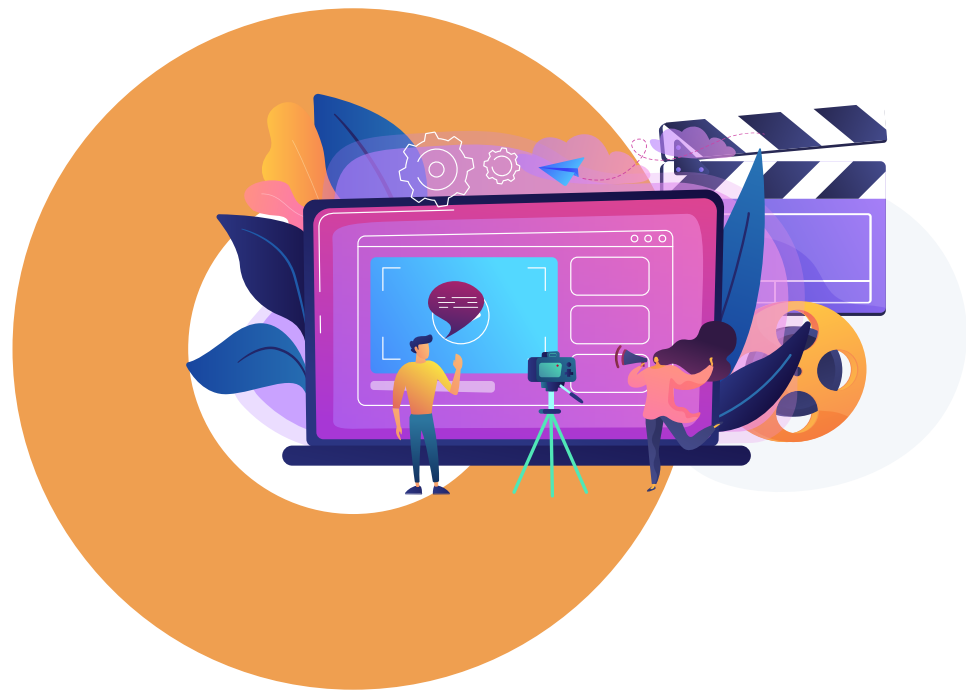

We have in-house Designers, Social Media Specialists and Campaign Managers to professionally manage your Social Media Marketing. We strive to be a strategic partner for clients, advising them on the optimal platform and game plan to adopt under Social Media Marketing.

Advertisement / corporate video.

All-in-One Video Production for your business. Our full suite of video production service is ready to assist you in crafting your next video. We will assess your requirements, plot the ideas, and transform them into an exquisitely crafted audio-visual instrument. We will manage the end-to-end delivery of the video production to give your business a competitive edge.
